

How do I sign in to Classroom on Your Computer

Depending on your learning setting, sign in to Classroom with one of the following user account types:

- School account—Also known as a *G Suite for Education account*, this account is set up by an accredited school. It looks like *you@yourschool.edu*. If you don't know your G Suite for Education account details, ask your teacher or the school's IT admin.
- Personal Google Account—This is set up by you, or your parent or guardian. Typically you use a personal Google Account outside of a school setting, such as a homeschool. It looks like *you@example.com*.
- G Suite account—This is set up by your organization's admin. It looks like *you@yourcompany.com*.

For more information, see [About Classroom user accounts](#).

Note: Parents and guardians can't access Classroom or their child's assignments due to privacy laws. Guardians can receive email summaries if their child's teacher allows it. For more information, see [About guardian email summaries](#).
